EuCAP 2027

WE ARE DELIGHTED TO WELCOME YOU TO DUBLIN, THE HOST CITY OF EuCAP 2026

On behalf of the Conference Organizing Committee, it is my pleasure to invite you to EuCAP 2027, Europe's flagship conference on antennas and propagation, which will take place in Düsseldorf, Germany, from 18th to 23rd April 2027.

Europe has a strong and well-established antennas and propagation community across both academia and industry. At the same time, we are witnessing many and promising developments in this field. The momentum is reflected in the motto of the conference: "Getting Ready for 3D Networks and New Space."

Düsseldorf is an emerging hub for entrepreneurship, innovation and technology. Düsseldorf and the Rhine-Ruhr area host major offices – and in some cases headquarters – of numerous cellular network operators and telecommunications equipment vendors. These organizations, play a key role in the deployment of 5G and the development of 6G technologies. As such, Düsseldorf will provide a unique setting to further strengthen the link between the scientific antennas and propagation community and industry.

We very much look forward to welcoming you for EuCAP 2027 at the Düsseldorf Congress Center, beautifully located on the banks of the River Rhine.

Prof. Thomas Kürner
Conference Chair
